GENBA SOPANRAO MOZE COLLEGE OF PHARMACY,
WAGHOLI

GAT No. 2181, Wagheshwar Temple, Talathi Office, MOZE Campus, Wagholi,
Tal: Haveli, Dist.: Pune (M.S.)-412 207.

Approved by PCI, New Delhi, DTE Mumbai & Affiliated to Savitribai Phule
Pune, University (B. Pharm) & Maharashtra State Board of Technical
Education, Mumbai (D. Pharm)

B. PHARMACY & D. PHARMACY

ACADEMIC YEAR-2023-24

VISION

To emerge as a centre of excellence by providing value-based education in developing students from society as efficient pharmacist and entrepreneurs with social ethics and human values.

MISSION

To develop an evolving educational system in pharmaceutical education integrating with pharmaceutical technological and social challenges in diversified areas & to impart modern concepts of medical knowledge with the aim of catering the needs of pharmacy profession and society at large.

PROGRAMME EDUCATIONAL OBJECTIVES

1. To empower students to accept emerging challenges of the globalized technology, competitiveness and entrepreneurship.
2. To develop and advance the core competencies, team spirit and professional skills that can meet the necessity of pharmaceutical industry.
3. To mold students to serve the community by creating awareness about healthcare issues.

INFRASTRUCTURE

- College campus with 12+ acres land and 6000+ Sq.M built up area.
- Wi-Fi enabled campus with 100 Mbps internet connectivity.
- Decent R.C.C. building with modern facilities for laboratories, Classrooms, Tutorial rooms, Library as per norms of concerned authorities.
- 16 departmental laboratories. The institute has well designed spacious laboratories equipped with ultra-modern facilities for imparting updated education and training in various subjects of Pharmacy.
- Separate Instrumentation room, storeroom for drugs and chemicals required for practical purpose.
- Library and Information Center with 10000+ volumes and 30+ National and International journals. Access to the library after college hours. The separate spacious reading room facility is available for students.
- Availability of well-maintained Computer lab with 100+ Computers with active Internet connectivity.
- 24X7 access to avail the reading room facility for study purpose.
- 24×7 availability of light energy, Power backup, solar power.
- Spacious and hygienic canteen.
- The college has well equipped gymnasium with a trainer.
- Open playground for sports like Basketball, Cricket etc. with a coach to guide our students and Outdoor stage amenities.
- Nearby Facilities: Hospitals, ATM, Banks, Mess, Co-operative stores, Cyber Cafe etc.

PATRONS

Hon'ble Shri. Rambhau Moze

Founder President

**Genba Sopanrao Moze Trust, 191/A, Rahim Shaikh Rd, 191/A, Shastri
Road, Shastrinagar, Yerawada, Pune, Maharashtra 411006**

Knowledge has a beginning but no end.....

Medicines today have great power to heal and improve the quality of life for people. Even in the current situation of pandemic, its Pharmacists who are in major role to find a cure, Pharmacist is a key healthcare professional in helping people achieve the best results from their medication, so to make a bright and healthy future, Genba Sopanrao Moze Trust has entered into this venture of developing the education system for serving the society considering the economic aspects and making the medicines available with best quality and lowest price. We are committed to be the cause of technical education for accomplishing the aspiration of the upcoming generation and to the ever increasing needs of society in terms of health. So we welcome the future of our country, the young generation to combat this challenge with excellent facilities available with us. Let us grab the opportunity to fulfil the need of time for the betterment of society and our nation in the field of health science.

I wish all the success to Antarang 2023-24

FROM PRINCIPAL DESK

Dr. Tushar Shelke

Principal

Genba Sopanrao Moze College of Pharmacy, Wagholi, Pune

“We know what we are, but not what we can be.”

Genba Sopanrao Moze College of Pharmacy (GSMCOP), Wagholi aims to offer world class pharmacy education to effectuate the requirements of the pharmaceutical industry and health needs of the society at a large and to achieve excellence in pharmaceutical research. The delightful environment and pleasant climate greatly facilitate young tender mind to develop concentration power as well as intellectual capabilities in order to ensure their all-round growth and personality development. The GSMCOP has an excellent young team of dedicated and well qualified teachers who are always willing to motivate students and creating one family feeling. The GSMCOP created modern infrastructure facilities, new pedagogy to motivate, stimulate, and augment the training process, research interests, collaborative product development study, supply chain management, and knowledge-based manufacturing to match the needs of industry. GSMCOP determines to permute students to professionals and with entrepreneurship quality to become a business tycoon in this competitive world of pharmaceutical industry.

Hence I welcome students to avail full advantages of all the available opportunities and work progressively to achieve eventful career in pharmacy profession to shine bright as a self-established persona in the world full of competition.

Best Wishes,

“Neonatal Therapy: Strengthen the Maternal-Neonatal Bond”

Promoting Connection, Health, Early Development”

NEONATAL THERAPY:-

"Neonatal therapy is a range of specialized therapeutic interventions designed to support the physical and emotional health of newborns and strengthen the bond with their mothers."

IMPORTANCE:-

Newborns

- Builds emotional stability.
- Enhance brain development.
- Improve physiological stability.
- Boost immunity.
- Encouraged oral feeding.
- Promote faster recovery.

Mother

- Successful breast feeding.
- Reduces maternal anxiety & depression.
- Support parenteral confidence.
- Strengthen parent-infant attachment.

Neonatal Therapy includes:-

Kangaroo Mother Care

Gentle Massage

Sensory Stimulation

Therapeutic positioning & promoting sleep

Environmental Modification

Oral Motor Stimulation

Precautions:-

- Monitor Vital signs.
- Use gentle, slow movements.
- Minimize environmental stressors.
- Watch for sign of over stimulating..
- Uses positioning aids safely.
- Maintain infection control.

Benefits for Family:-

- Strong family bond.
- Better long term parenting outcomes.

- Save Money.

- Early Discharge.

- Healthier Baby.

Vikrant Shirke (T.Y B.Pharm)

Biggest Misbeliefs Of Students: No Scope In Pharmacy

By Yash P Rathod, Prathamesh K Jathar, Ashlesha S Mandale, Mansi S Bhalerao, Rohit V Dalvi, Vaibhav R Rathod, Sunil D Hilli, Pranav D Farate, Dilan P Kurian, Himalay P Shende Of T.Y. B-Pharm

Nowadays, wherever we go and talk about the pharmacy profession, there are only two words which are hammered on the ears, **"NO SCOPE"**. Everybody including the pharmacy students who have just entered the field or pharmacists or those who have been working from atleast one year in this field or profession are revealing to the others that don't enter into this field. And when they are questioned why, then the only answers we get from them is NO SCOPE. Our main purpose behind writing this article is to aware the students by providing the deep, thorough knowledge about this field in short. We know that you all have heard this too that 'There is too much competition in this field'. Just think a little bit that if there is NO SCOPE in this field then from where did the competition came into picture. So we hope that this esoteric article will clear the misbeliefs you have or even if it fails to do so then atleast it will force you to think on this topic.

SHORT INSIGHTS:

- The Indian Pharmaceuticals industry, as per reports, one of the fastest-growing industries in the world which commands a significant share of over 20% in the global medicine supply chain.
- The recent trends in pharmaceutical industry show that it has played a crucial role in raising India to the reputable status of the "Pharmacy of the World". The Indian pharmaceutical industry is likely to reach USD 65 Billion by 2024.
- India produces 60% of the world's vaccines, including 90% of the WHO's demand for the measles vaccine

SCOPE IN PHARMACY:

The Pharmaceutical Industry's importance has increased in the last century and has seen a steady improvement in the quality of life for people across the world. The Pharmaceutical Industry plays a vital role in transforming the healthcare industry by discovering new drugs and developing vaccines and therapeutics. Some of the options Pharmacy students can look into have been elaborated below.

DRUG MANUFACTURING:-

Pharmaceutical companies also require experienced pharmacy students in the roles of drug production. The individual would be responsible for any position in the entire manufacturing process. This role not only requires knowledge of drugs and composition but also state and national rules and regulations regarding the same. To be successful in this role, one must pay attention to detail and also have an organized work style.

Quality Assurance:-

Pharmaceutical companies also require experienced pharmacy students in the roles of drug production. The individual would be responsible for any position in the entire manufacturing process. This role not only requires knowledge of drugs and composition but also state and national rules and regulations regarding the same. To be successful in this role, one must pay attention to detail and also have an organized work style.

Research And Development(R & D):-

In R&D, one is primarily working at finding out new and better drugs or working on existing drugs to make them better and more effective. This step involves minimizing the side effects and also getting patents for the new medicines.

AI In Pharma:-

The use of artificial intelligence (AI) is accelerating drug discovery and development processes. Innovative startups are leveraging AI to tackle industry challenges, manufacturing processes, and effective marketing strategies for post-launch success.

Big Data Analysis:-

The pharma industry requires high-performance systems to analyze the large volumes of data generated during the drug discovery and development process. The advancement in analytical techniques is also turning historical and real-time data into valuable insights.

Pharmacovigilance:-

Pharmacovigilance is the process of monitoring the effects of drugs, both new and existing ones. This includes collecting data, analyzing it, and taking steps to prevent any negative effects. Pharmacovigilance must happen throughout the entire life cycle of a drug, from when it is first being developed to long after it has been released in the market.

These are some fields gaining importance and having great career opportunities in future

- Oh Uniform -

Oh uniform ,
You aren't only fabric of Olive green ,
Sky blue and tranquil white .
You are the sweat ,
You are the dedication ,
You are the hardwork ,
You are more than the words ,
You are the one ,
Who teaches us ,
Don't stop ,
No matter what .
Which teaches us ,
Your best is yet to come ,
You are more stronger than you think ,
You are one for which ,
Pain is worthy .
You aren't fabric ,
You are the emotion ,
Which only the beholder can Understand !!

- Ganeshi

- THE UNSUNG HERO -

A woman for Tomorrow ,
A woman for Today .
She grows to meet the challenges ,
And grows along the way .
She wears no uniform ,
No blues , no whites .
Her life is not an easy one ,
But still she tries .
She had many loads to bear ,
But she proudly serves her ,
husband and the uniform he wear .
she lives in extra ordinary world ,
Not in a chain of command .
Orders she don't get ,
She don't fire the weapons ,
But put her life on the line ,
she suffers ---
Behind the lines she see the things ,
Her husband makes the sacrifice ,
but so do her kids and me .
she loves the man she married ,
soldiering is his life ----
she stand among the silent ranks ,
known as , " The Fauji Wife "

- Ganeshi

- LAST GOODBYE -

Tell my Nation ,
Not to cry ,
Bcoz I'm a soldier ,
Born to die .
Not only Bullets ,
Medals on my chest .
Tell my mom ,
I did my best ,
Dad don't bow ,
You'r tension is over now .
I will always miss ,
All the broken promises .
My uniform drenched in blood ,
And Balidaan shined .
The Tricolour unfurled ,
And soldier still smiled .
Mom don't get upset ,
I am gonna take long sleep after sunset.
Son turning into ashes ,
Hold your heads high .
A Family got the Medal ,
Not even the last Goodbye !!

- *Dipti*

TODAY'S GENERATION

They have their own wings, The wings of fire,
Of others controlling their strings, With strings of liar.
All day being into mobile Phones, With a waved neck bones,
Ears filled with earphones,
This might be the reason for changing hormones.
Having world knowledge, and not of neighbour,
These are the children of mother, Suffered from Pain of labour.
They are in their own depressed faces,
From the age where they don't know to tie their laces,
There are hundreds of depression cases, their emotions shattered into pieces.
Thinking they are in the love nation, Little do they know about infatuation,
Someone teach them life education,
Face the world and come out of your imagination

Prof.Priya Daingade

HIGHLIGHTS OF YOUR LIFE

By capturing a photo of the moment, you can freeze that moment for lifetime . At any point of your life , you will be able to see that moment. But what about life, what about that moment which teach you something, what about that incidence that you want to keep it for lifetime, what about that tiny things which you can't remember after some time but you are grateful for that. Here is the best habit that one should have for his/her self-enjoyment and also for self analysis. That habit is keeping a diary or journal. As you might expect, journaling or keeping a diary is a favorite habit of many writers. Journaling has been utilized by scores of brilliant thinkers and inventors, Charles Darwin. Marie Curie. Leonardo da Vinci. Thomas Edison. Albert Einstein. Similarly, leaders and politicians throughout history have kept journals in one form or another. Journaling is simply the act of thinking about your life and writing it down. That's it..!. Nothing more is needed. But despite its simplicity, the daily journal has played a key role in the careers of many prolific people.

What are the benefits of journaling ?

Journaling provides the opportunity to learn new lessons from old experiences Journaling provides proof of your progress. Journaling sharpens your memory Journaling motivates you to make the most of each day. Keeping a diary doesn't need to be a big production. Just write one sentence about what happened during the day. "Just write a little bit every day."

बाप 💖

बाप म्हणजे जबाबदाऱ्यामागे लपलेलं व्यक्तिमत्व असत,
बाप म्हणजे व्यक्त न झालेलं व्यक्तित्व असत.

सगळ्यांना वाटत बापाला भावनाच नसतात,
भावना असतात, पण पाझर फुटलेल्या नसतात.

मुलीला सासरी पाठवताना मनात दुःखच असत,
डोळ्यासमोर मात्र मुलीचं चमचमत सुख असत.

मुलाच्या आधाराची गरज त्यालाही असते,
पण मुलाच्या भविष्याची काळजी मात्र बापालाच असते.

कुटुंबासाठी कायम घालमेल त्याची होते,
कधी कधी तर आनंद सरतो निराशाच मागे उरते.

आई वर्तमान आहे तर ,
बाप भविष्यकाळ असतो,
बापाच्या मनात काय चाललंय,
याचा कधीच अंदाज नसतो...

- भुजबळ ओम विलास

प्रेम

प्रेम म्हणजे चांदण्या, ज्या कधीही न मोजता येईल,
प्रेम म्हणजे सावली, जी कायम विसावा देईल.
प्रेम म्हणजे मृगजळ, ज्याचा कायम भास होईल,
प्रेम म्हणजे आठवण, जी असंख्य साठवता येईल.
प्रेम म्हणजे काळजी, जी कधीही करता येईल,
प्रेम म्हणजे रंग, जो कुठेही भरता येईल.
प्रेम म्हणजे भावना, जी व्यक्त करता येईल,
प्रेम म्हणजे अश्रू, जे प्रेमाने पुसता येईल.
प्रेम म्हणजे दृढ इच्छाशक्ती, जी वाटेल तर पूर्णही होईल,
नाहीतर अपूर्णही राहील....!!!

- ओम विलास भुजबळ

हा उरता हूं मैं तुझे खोजने से
यही लगता है की कही ये उर सच ना हो जाये
बेहतरीन सी इस दुनिया में
तुझे कोई मुझसे बेहतर ना मिल जाये ॥ १ ॥

हा.. शक करता हू मैं तुझे
पर उससे कई ज्यादा प्यार है मेरा
तु सुबहे का पहला और रात का आने वाला आखरी
खयाल है मेरा ॥ २ ॥

युंही आंसु नहीं आते आंखों से
इसके पीछे न दिखने वाली चाहत है मेरी
और हा दिन ने तो ठान ही लिया है
आखरी सांस तक रहने वाली तु मौहोबत है मेरी ॥ ३ ॥

मैं झिंदगी का हर पृष्ठ पढ़ना तेरे संग पढ़ना चाहता हूं
तुझ संग गुजरे हर लम्हे को मैं मेरी किताब में लिखना चाहता हूं
झले ही ये किसमत साथ दे गा नादे मुझे
पर मैं झिंदगी भर के लिए तुझे अपना लिखना चाहता हूं ॥ ४ ॥

और हा...

इस बेहतरीन सी दुनिया में एक सिधासा शक्स हू मैं
इन चार पंक्तियों की व्ही कोई किमत नहीं
तुझे तो पुरी किताब लिख दू मैं
बस इस झिंदगी के हर किस्से में तु मेरे साथ रहना
और जब व्ही दिखेगा मेरी आंखों में प्यास
बस एक बार गले लगाकर कहना....
मैं तुम्हारी थी, तुम्हारी हू, और हमेशा तुम्हारी रहूंगी
और बस मुस्कुरा देना.....

ॐ प्रणव शमभाऊ हिंगे

मेरी माँ....

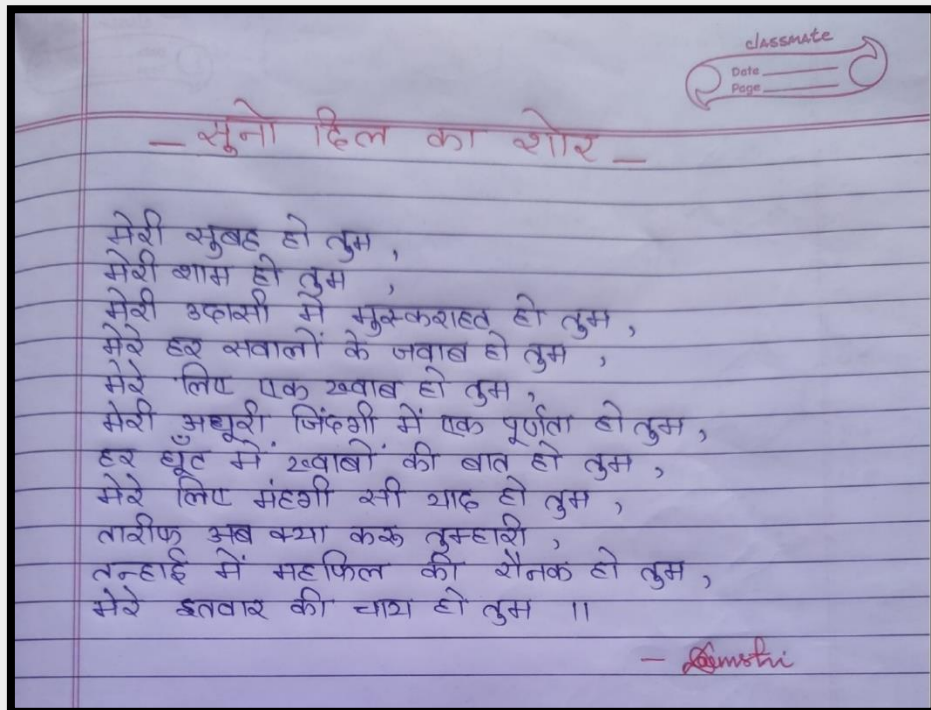

साथ तो सभी होते है,
पर निभाति सिर्फ वही है,
हर दर्द दूर कर दे,
वह सिर्फ माँ ही है ।

संकट, पीडा और दर्द मेरा,
सब जान जाती है,
मेरे लिये मेरी माँ,
हर सीमा लांघ जाती है ।

पापा, भाई, बहन, दोस्त,
सबका रोल निभाती है,
जरूरत पडे अगर कभी,
दुनिया से भी लड जाती है ।

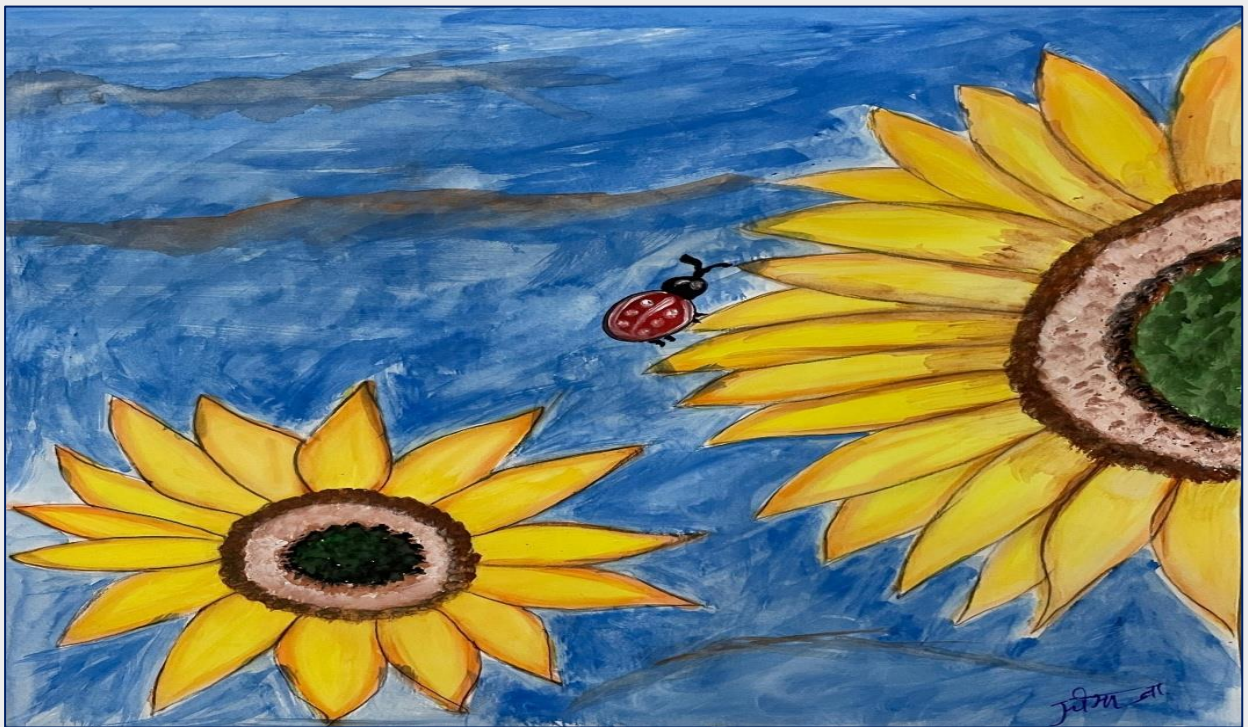

छाया माँ की सर पर है,
तब तक कोई धूप नही,
अगर पास नहीं है माँ,
तो जीवन को भी रूप नहीं ।

- भुजबळ ओम विलास
